

Community™ from Birches Group

AN INTEGRATED SUITE TO MANAGE JOB EVALUATION AND ORGANIZATION DESIGN

The work community in your organization is unique, and it has to be managed proactively to ensure optimal team performance.

Birches Group *Community™* provides a solution which is simple yet powerful to use, and flexible to adapt to any organization.

OUR APP MAKES JOB EVALUATION AS EASY AS TAP, TAP, TAP

Community™ makes the path to job evaluation clear and easy to follow.

The range of work can be segmented by category and sub-category with just a few taps.

Guided Mode for new users, or Practitioner Mode for more advanced users, makes job evaluation broadly accessible.

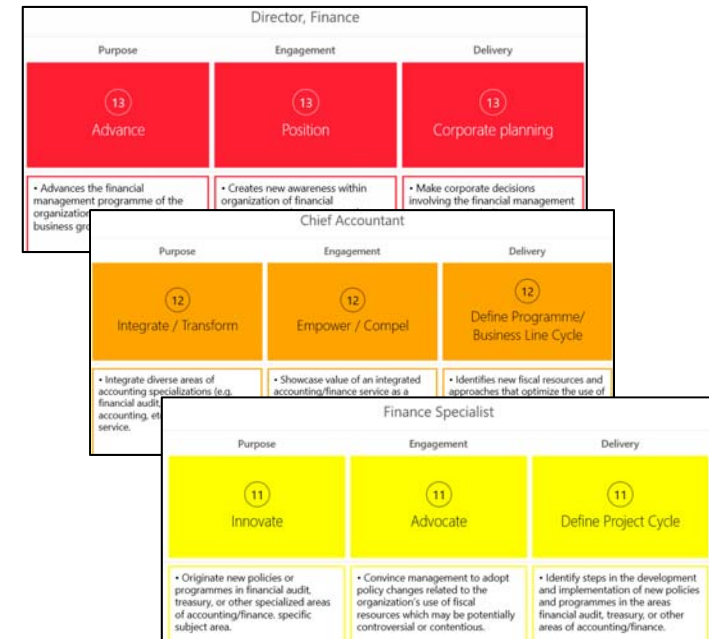

MULTIPLE JOB FAMILIES CAPTURE CAREER PROGRESSIONS

Community™ includes the job families you need to evaluate your positions and build a cohesive, high-performing team. **Up to 12 job families are available**, and custom requests can be accommodated.

Just three factors

- Purpose
- Engagement &
- Delivery

are used to measure the contribution value of a job.

Job Evaluation doesn't need to be complicated!

Birches Group *Community™* offers a streamlined approach that is accessible to everyone in your organization, using the latest technology.

Schedule a demo for your organization today!
